

ANALYST Notes

Project 8035 #1
Session D-94
200900 Oct 80

SG1A [REDACTED]

formed hills
coast line w formed hills squared like
dikes
range of mountains to R.

several cement buildings
not a large city 130,000 people
3 sections to city
1 section industrial 45 lge bldgs
2 tall stacks to R.
quasi-military section function
loaf shaped buildings have something
to do with target

3 loaf shape bldgs fastened together
and a zig-zag pattern

stack metal pipes in corner of
yard. some kind of molds
inside giant drill presses; furnace
type heater blow fire on tubes
while cut.

carrier of tubes on it.

something else to loaf shape besides
building

Cone inside a cone

+ 10 Ok, we can go to activity now

large area next to area been describing
finning pattern of dirt roads on hills
Heavy vehicles on dirt roads
diff military unit areas.

NE of city very distinct group of self-
propelled guns pointing to south
least it appears.

Night military exercise activity
Simulating armor conflict w/
tactical moves.

3 battalions

industrial activity

+ 15 Have him focus on one of the military
units at his discretion, then
move him other time.

6 SP guns on tracks

+ 16 Have him stay with the SP guns, don't
let them disappear

231300 hrs - guns in line moving
WNW
convoy M-88 tank retriever type

18 what is character of their activity?
never mind.

26/300 Oct 80

Set up in a hidden side of a small
"V" shape hill in a depression -
in a "U" shape
city is to west:

~~#~~ city is funny - city, then country,
no suburbs. units in maneuver
group. maneuvering for fire reuse.

OK,
not
out

29/300 Oct 80

2 tracks about 100 mtrs
empty 55 gal drums next to em
equip scattered on one side

guys just talking, laying on
back. temporarily deployed.
just lounging around. strong
feels

some sort of manipulative move

~~#~~ OK, we have him work on that.
that's very important.

~~#~~ Have him describe the feelings which

maneuvering move.

Security
live rounds
fully arms
forward ground surveillance
radar.

Not a standard exercise
where are the other four guns?

spread out groups of 2
V8th pie shape on NE side of
city

flash/compression of water line
to NW of city.

a show of force but why
examine uniforms, attempt to
identify -

grey heavy canvas coveralls thick
brown leather belt
wrap around buckle boots - brown
rib top

honcho wearing tree branch on l.
collar w/ spike running thru
it.

R. collar rosette ?? two sides by
sides, possibly over laying a 3d
~~guaranteed~~ black piping
very old fashioned

130 # have him focus his attention on the
 Leader's primary concern at this
 time.
 Munity - doesn't want to be there, but
 he's pro soldier, must do it
 receives by doing this
 military show of force,
 conducive to continued
 control - their own control
 cleaning own house, so to speak.
 doesn't really think anything
 occur - waste of time

One other concern - dependability of
 other people he has with him.

35 Have him envision a 36 day bar
 graph from 291300 Oct 80, determine
 if the guns return to their unit insta-
 lation.
 Tape change

into the future

make it.
 unit installation

20-21 days into future but
 not see all guns go back.

Approved For Release 2000/08/07 : CIA-RDP96-00788R000500080002-8
 21st day people leave but can't see
 guns leaving
